

Dualit®

Design Series 4-Slice Toaster

All new Design Series 4 slot toasters from Dualit combine ergonomics and aesthetics in a brand new way. With our trademark longevity and functionality, you'll be toasting what you like, how you like it. The toaster not only boasts a contemporary

industrial-inspired look with clean, smooth curves but benefits from intuitive and reliable functionality. Each Design Series toaster features panels that can be changed by the user - a truly unique and imaginative development.

- ❖ Commercial grade elements: this is a pop-up toaster with elements that work hard enough to keep up in a commercial kitchen at home, office or a restaurant.
- ❖ Interchangeable panels: with a wide variety of colors and designs, the Design Series can be modified to suit changing tastes.
- ❖ Peek & Pop® function: unique to Dualit, this feature allows you to check on your bread without stopping it toasting.
- ❖ Pure geometric lines: this toaster's form is mathematically harmonious, it echoes the fact that geometry is vital to design and build.
- ❖ Extra wide slots: for chunky bread and more – combine with our sandwich cage accessory and no job is too tough.
- ❖ Bagel and bun warming facility: allows the option of toasting both sides or if you prefer just to crisp the insides of your bagel or bun.
- ❖ Defrost function: a better crunch as you won't need to rely on toasting straight when the bread or bagel is frozen.
- ❖ Comes with the following variety of color panel options:

Product Specification
