

Dualit®

4 SLICE BREAD TOASTER

This Dualit toaster is designed for commercial use, it is hand assembled in England and built to last, with an insulated stainless-steel body, variable controls and automatic turnoff. With extra wide 28mm slots to accommodate a Sandwich Cage and the award winning ProHeat elements, a patented design which increases toasting efficiency & element longevity. Dualit toaster features switches to control the degree of browning and an ejector system which means that the toast does not pop up but stays warm until the ejector lever is pushed up. The Sandwich Cage, which has a built in drip tray, can be purchased as an optional accessory.
