

COMPLETE COFFEE SYSTEM

The all new Espressione Complete Coffee System is here to solve your coffee, espresso, and cappuccino needs with a quick and simple operation. Equipped with a dual thermostat heating system with a stainless steel boiler with constant operation of 15 bars, and a powerful jet milk frothing mechanism ensure tasty brewing of coffee with out scalding of taste as well as rich cream in production of cappuccinos. Easy to use, powerful in performance, the Complete Coffee system is versatile in its use of filters and is compatible with ground coffee, ESE coffee pods, as well as the new soft pods for both single and double servings in one shot. Beautiful and easy to clean design in black finish.
