

Espressione

Squissita Plus Espresso Maker

Espressione Squissita Plus is a beautiful and innovative heavy duty espresso machine with exclusive features such as the QSD technology for super silent operation. Powerful 18 bar pressure pump provides continuous extraction of espresso and production of steam for frothing milk. Reliable knob and push button control for brewing and frothing allows for easy creation of espresso, cappuccinos, lattes and other coffee beverages. Professional chrome plated brass filter holder with versatile single or double serving pressurized filter baskets. Whether for one shot at home or a larger social event, the elegant Squissita will make it quickly and efficiently. Professional brass portafilter works with either ground coffee or easy serving coffee pods. Comes in beautiful electroplate chrome finish.

CE4651

Additional features include:

- 18 bar pressure pump guarantees continuous coffee extraction without breaking the crema
- Removable 1.2 liter water tank with water level indicator, and cup warming tray on top
- Professional brass portafilter accommodates both ground coffee or E.S.E. pods
- Exclusive QSD technology allows for super silent operation of heating and brewing
- Reliable and easy to use push button design with knob control on the front panel
- Stainless steel boiler, steam regulator and stainless steel steam nozzle for quality that lasts
- Convenient features such as the cup warmer on top and removable drip tray allow for easy maintenance and cleaning
