

Space Saver MultiPro

ED171PG

Thermo Block with coffee maker

This Space Saver thermo block espresso machine comes with a built in 10-cup coffee maker and superior controls of brewing you favorite cup. For use with fresh ground coffee or the exciting new E.S.E. pods, MultiPro adds the convenience of a warming plate and Briel's patented Auto Espresso Flow™ feature. This MultiPro unit allows the user great control and ease of use combined with solid performance weather in making espresso or great coffee and at the same time fitting in a compact space of your kitchen or bar.

AVAILABLE**

Additional features include:

- Constant 15 Bar pump pressure (substantially above the minimum requirement of 9 bars necessary for an authentic espresso) produces a savory espresso with perfect crema every time.
- **ESE** adapted for use with ground coffee or coffee servings (pods).
- Filter holder and filter basket for ground coffee/Special filter holder for coffee servings (pods).
- Turbo Jet Frother, a Briel exclusive, produces plentiful dry steam for a thick milk froth for a cappuccino or latte.
- Patented Crema Master™ filters for ground coffee or pods produce rich genuine crema every time, and AquaStop™ No-Drip System prevents dripping and need to "bleed" machine of remnant water.
- Two thermostats regulate the coffee cycle and steaming process for the pump, with a third "safety" thermostat located on pump in the event of abnormal or continuous use.
- "OK" light signals when machine is ready for brewing or frothing.
- Push button switches – dependable quality.
- Removable 1.8 liter water reservoir that fills from the back.
- Water level visible from the front with water filter on intake.
- Removable overflow tray for easy clean up.
- 2 Brass filter-holders one for ground coffee and the other for coffee pods
- Built-in coffee tamper and measuring spoon included.
- 10-Year Pump Warranty (exclusively Briel).
