

Versatile Due^{ES38FAC-TB}

The new Briel Versatile Due is a full size thermo block espresso machine with ABS body silver faceplate, drip tray grid & accents. This design combines all the great features from Briel's existing range (plenty of pump pressure, patented "Crema Master" filter for consistent genuine crema and easy-to-clean water tank and drip tray), with innovative new developments which are guaranteed to make the production of espresso and cappuccino at home easier than ever before. ***ESE adaptable for use with ground coffee or coffee servings (pods)***

Additional features include:

- **ESE** adapted for use with ground coffee or coffee servings (pods)
- Thermo Block assures a better temperature control as well as a continuous steam production, features two heating elements and long channels
- Unique Thermoplastic steam tap activates steam heating element
- No need for separate steam on/off button means no more overheated boilers with blown elements
- Turbo Jet frother combined with Thermo Block technology provides instant continuous steam for on the go milk frothing
- Patented Crema Master™ filter produces rich genuine crema every time and
- AquaStop®™ No-Drip System prevents dripping and the need to "bleed" machine of remnant water
- Three thermo regulators control the coffee cycle and steaming process, with a third "safety" thermostat located on the pump in the event of continuous use
 - 184°C Thermofuse for espresso brewing
 - 130°C Thermostat for steam
 - 95°C Thermostat for coffee
- Water filter on intake ensures purity of liquid
- Removable overflow tray for easy cleanup
